Healthcare information

This website may provide information about medical conditions and their treatment. ViiV Healthcare ULC makes no representation that material in the site is appropriate or available for use outside of the territory of the intended audience. Those who choose to access this site from other locations do so on their own initiative and are responsible for compliance with local laws, if and to the extent that local laws are applicable. In addition, nothing on this website should be construed as providing any kind of medical advice or recommendation, and should not be relied on as the basis for any decision or action. Specific medical advice should always be sought from a qualified medical practitioner.

ViiV Healthcare ULC uses reasonable efforts to update this website, but some information may become out of date over time. Except as specifically stated, ViiV Healthcare ULC makes no claims or warranties as to the accuracy, completeness or use of the information contained on this website.

This website may contain a specific section for members of the public, a specific section for patients and a specific section for healthcare professionals. “Healthcare professional” refers to an individual who in the course of their professional activities may prescribe, supply or administer a medicine or medical devices.

The section for the public, where applicable, has been designed as a library resource to provide reference information relating to ViiV Healthcare ULC medicines, including but not limited to, prescription only medicines, to the public within Canada. Within the public section there are specific patient-only pages for those who have been prescribed the medicine relating to those pages. These pages will remain hidden from site navigation and can only be accessed once a member of the public has confirmed they are a patient that has been prescribed a particular medicine.

Further, in the event that this website contains specific pages for healthcare professionals only, those pages will remain hidden from site navigation and can only be accessed once an individual has confirmed they are a healthcare professional under applicable law.

FOR HEALTHCARE PROFESSIONALS ONLY: Please note that approved prescribing information must guide the appropriate use of all medicines. Before prescribing any medicine, healthcare professionals should consult the approved prescribing information for that medicine in their country.
